

OCCUPATIONAL FIRST AID QQI (FETAC) LEVEL 5

(focus on Kitchen Safety)

COURSE DESCRIPTION:

The Occupational First Aid course is a QQI (Fetac) Level 5 course. It is the only first aid course currently recognised by the Health & Safety Authority in Ireland for workplace first aid and fulfills the requirements of the Safety, Health & Welfare at Work (General Applications) Regulations 2007. This course will include an emphasis on dealing with accidents in a food preparation or kitchen environment, so is ideal for anyone working or seeking to work in the food industry

AWARD:

Following successful completion of the course and examinations, participants will be awarded a QQI (Fetac) Level 5 Certificate in Occupational First Aid. This certificate is recognised by the Health & Safety Authority and is valid for 2 years from the date of issue after which individuals would need to complete a one day refresher course to stay certified as occupational first aiders

COURSE CONTENT:

This course is divided into 8 modules:

- Module 1: First Aid in the Workplace
- Module 2: Patient Assessment
- Module 3: Respiratory Emergencies
- Module 4: Cardiac First Response
- Module 5: Wounds and Bleeding
- Module 6: Altered Levels of Consciousness
- Module 7: Musculoskeletal Injuries
- Module 8: Burns & Scalds, Chemical/Poisons, Electric Shock

Price includes all materials and a written or oral exam.
